NIRBHIK SHRESTHA

FULL STACK DEVELOPER

Kathmandu | nirbhik2k60@gmail.com | 9843738638

Frontend Developer with professional agency experience building and maintaining client websites on WordPress, WooCommerce and Shopify. BCA student with hands-on experience building full-stack applications using MERN and PHP/MySQL. Passionate about leveraging technology to solve real-world problems and comfortable working across the stack, from frontend and ecommerce to DNS and hosting.

EXPERIENCE

Frontend Developer — SmartSites **Nov 2025 - Present**

- Build and maintain websites for multiple agency clients on WordPress, WooCommerce and Shopify.
- Improved clients' search visibility by adding structured data and fixing SEO issues.
- Troubleshot and resolved live website issues, including security problems and malware removal.
- Connected client sites with marketing and business tools such as HubSpot, Google Merchant Center and online booking systems.
- Worked with a team on a full client website build, converting static HTML pages into a dynamic WordPress site using a custom theme and Advanced Custom Fields (ACF).
- Research and evaluate plugins to meet client requirements, adapting solutions as their needs change.

TECHNICAL SKILLS

- Web Development: HTML, CSS, JavaScript, PHP, React js, Node js, Express, Tailwind CSS
- Platforms & CMS: WordPress, WooCommerce, Shopify (Liquid), Squarespace
- Programming Languages: Java, C, Python
- Databases: MySQL, MongoDB
